So was all the added trauma necessary? Adina And Lori Fired me in 2016 and they refuse to move on. they are keeping this issue afloat by blocking me from employment and now failing to review these cases impartially.

This is discrimination and you know it. What are the reprimands for causing me additional PTSD from their lackluster behavior.

Now that im no longer employable now what  
They call the police on me... this is personal....you see it
